

Batteries designed for a life on the move

NEW
app
for total control

Batteries
specialized
for the camper world

5 years of
warranty

+quality
+lifespan

Innovative **remote connection system** that gives you full control of your customer's electrical installation from anywhere. **Diagnose problems in under 10 minutes**, putting an end to endless customer calls trying to explain where the fault is. And make sure that when a repair is needed, they come to your workshop — not the first one they find.

Catalog 2026

All models with built-in Bluetooth + **our own app** for **complete control** of your battery

Model	Capacity	Weight	Dimensions	Trade (+VAT)	Retail (+VAT)
